Regarding asistidewater.org

This letter is to notify you of DMCA / copyright violations on a web site that you host and/or have control over. That site, **asistidewater.org**, is essentially a 100% replication of the SFASIS.org site with very little original material. The website contains, amongst many other plagiarisms and copyright infringements, a sequence of identical menus and submenus, forms, formats, layouts and text on virtually every page that are identical to the material on the SFASIS.org site, in clear and undisputable violation of US Copyright and DMCA laws.

During 2004 my company was commissioned to and completed a website for the San Francisco Bay Area Chapter of ASIS. That website contains a variety of elements including, but not limited to, menu structure, styles, formats, text, web forms, layouts, etc that were designed exclusively for the use of that organization only. Copyright to the finished assembled work of Web pages or Web site produced by Utkaduck Design is owned by Utkaduck Design. SFASIS, as the client, was assigned rights to use as a Web site the design, graphics, and text contained in the finished and assembled Web site. As a result of my valid ownership of these copyright materials, the unauthorized copying, reproduction, display and publication of such materials, and any creation of similar derivatives of my copyright material constitutes copyright infringement under the Copyright Act of 1976, as amended, and the Digital Millennium Copyright Act (DMCA).

This wholesale misappropriation of my copyright works (beginning in late 2006 / early 2007) has not been authorized by me and is an infringement of my rights as copyright owner. A review and comparison of the records at http://web.archive.org/web/*/http://sfasis.org and at http://web.archive.org/web/*/http://asistidewater.org clearly establishes my ownership in the work.

Your responsibility, once notified of a copyright violation, is clearly defined under Title II of the Digital Millennium Copyright Act (17 U.S.C. 511 et seq). **I request that you immediately remove the asistidewater.org website from viewing on the Internet.** If you do not follow the "notice and takedown" provisions your company becomes liable for the infringement.

I swear, under penalty of perjury, that the information contained in this Copyright Claim is accurate, and that I am the copyright owner.

Please notify me immediately when the offending website has been removed.

Respectfully,

Alex Dourov (electronic signature)
